

SEMI-WEEKLY SOUTH KENTUCKIAN.
FRIDAY, SEPTEMBER 9, 1887.

HALF RATE LOCALS.
The following classes of local matter will be inserted at half-rate, 10 cents per line: notices of respect, cards of thanks, notices of marriages, church fairs, candy pullings and all other entertainments to which admission is charged; calls for meetings of associations, societies, lodges, etc. Obituaries, all over 10 lines, 5 cents per line. These rates will be strictly adhered to. Our space is our stock in trade and we cannot insert advertisements free or fill up the paper with matters of no general interest.

TIME TABLE FOR TRAINS.

SOCIALITIES.

Mr. Nat Galtner has returned from a visit to Kansas.
Rev. J. T. Barrow went to Princeton yesterday.
Eq. W. H. Cato, of Macedonia, is attending court this week.
Like Lipstone, of Birmingham, Ala., was in the city this week.
Col. Walter Evans, Louisville, was in the city of the week.
Jno. P. Campbell, Jr., went to Martinsburg, W. Va., this week on a visit.
Mrs. T. P. Major and Mrs. R. C. Roach, Clarksville, are visiting Mrs. J. E. Joseph.
Col. J. M. Dodd and family have returned to this city and will locate here.
Mrs. W. W. Stinnett and daughter, Mrs. McClaid, of Elkton, are visiting Mr. A. W. Pyle's family.
Mrs. S. C. Bledsoe left Wednesday for Bloomington, Ill., to be absent a month on a visit to relatives.
Messrs. Jas. and Jno. Lester and Miss Mary Baker, of Eddyville, left for their homes Wednesday, after a short visit to friends in the city.
Miss Mattie Reese, for some weeks the guest of Prof. Graham's family, has returned to her home in Hopkinsville—Clarksville Tobacco Leaf.

COUNCIL MATTERS.

The City Council held its regular monthly meeting Tuesday afternoon. All present except Chairman Thompson. Councilman Trice was chosen to preside.
Correspondence concerning the new clock bell was read and the Auditor instructed to order the bell to be shipped Sept 20th, and put up as soon as court is over.
The ordinary accounts for feeding prisoners and purchasing supplies were presented and allowed.
The case of Fritz Bro's horse, injured near the cemetery by stepping into a hole in a culvert, three months ago, again came up and the street committee reported that the matter had been investigated and that the culvert was not inside the city limits. The Board declined to consider the matter further and as damages to the amount of \$150 are asked, a law suit will probably grow out of the matter.
It was decided not to remove the license of \$5 from the "Baby Game," which consists of a number of dolls set up on a frame to be thrown at and a prize given when one or more "babies" are knocked down.
It will be remembered that several months ago the marriage of Mrs. Minnie Baldwin to Mr. Jas. Weston was announced, but when the eventful day arrived the bride was unable to decide whether she would wed Mr. Weston or another young man in Elkton. The affair ended by an indefinite postponement of the wedding, but Mr. Weston has never despaired and has steadily and persistently continued to press his suit and at last he has won the prize for which he was contending in the matrimonial lottery. They were married at the residence of Mr. H. C. Bauer, in Louisville, where the bride was on a visit, last Wednesday, at 4 o'clock, P. M.
Mr. Weston is an industrious, moral and energetic young man, a mechanic in the planing mill of Forbes & Bro, and his bride was a bright young widow, formerly Miss Minnie Bauer, of this city. The KENTUCKIAN's best wishes attend them.

HERE AND THERE.

Fall goods are beginning to come in.
Dr. Fuqua has moved his office to the Kelly building, up stairs.
South Kentucky College opened Tuesday with over 100 pupils.
Ike Parrish alias Radford, the murderer of Geo. Taylor, is still at large.
We were again tantalized with a few drops of rain Wednesday afternoon.
The Public Schools of Hopkinsville opened this week with 512 pupils in attendance.
The drug stores have done a land office business this week in the sale of school books.
FOR SALE—A house and lot on the corner of Third and Main streets. For particulars apply to B. F. Simmons.

Max Meyers was fined \$5.00 and costs in the Police Court Wednesday, for letting his back yard become a public nuisance.
The regular communion service of the Ninth Street Presbyterian church, occurs next Sabbath in the forenoon. Preaching by the Pastor.
Rev. J. W. Bigham is conducting a very successful revival at Vaughan's Chapel. Great interest is being manifested and large congregations are present at every service.
Col. C. N. Pendleton is this week serving as special Circuit Judge at Owensboro, in the absence of the regular judge. Quite a compliment to our former county man.

Elbert Cobb and W. D. Sherrill were each fined \$5 and costs for drunkenness Monday. Cobb swore that the whisky was given to him and Sherrill testified that he got drunk on hard cider.
In speaking of the sale of Mr. Calvin G. Layne's horse, Oscar Wilde, in our last issue, a mistake was made in the figures. The sale was for \$1,600, instead of \$600.
Mrs. J. Ed. Summers, of Cadiz, died last Thursday in the 39th year of her age. She was a sister of Mr. J. P. Gill, of Clarksville, and was a lady of many christian virtues and estimable traits of character.
At a negro dance near Clarksville Saturday night, Michael Seat was held by Abe Thompson while Chas. Kennedy carved him to death with a razor. The row began over an old grudge. Kennedy and Thompson were jailed.

Bud McReynolds, charged with secreting stolen property, and being an accomplice of the Cooley boys in stealing horses, was arrested by Marshal Ed Higgins this week and lodged in jail Tuesday, to await the action of the grand jury.
Mr. Jno. W. Logsdon, the popular railroad agent at this place, was agreeably surprised Tuesday morning by having presented to him a handsome Masonic watch charm. It was the gift of the liberal-hearted tobaccoists, Messrs. M. H. Clark & Bro., of Clarksville.

The sleight of hand performance and spiritualistic séance at the Opera House Tuesday evening was attended by a fairly good crowd. Some very mysterious tricks were performed and the entertainment was a creditable one throughout.
The 5 o'clock passenger train came very near running into a rock train, which had been left standing on the track in the northern suburbs, Tuesday morning. Mr. C. B. Williams signaled the engineer, who succeeded in stopping his train within a few feet of the obstructing train.
The county court has appointed Surveyor J. W. Armstrong, Col. A. V. Townes, and Capt. R. T. McDaniel commissioners to survey the Hopkinsville district which was laid off in 1857. The object is to locate the line to determine who will have to pay the O. V. Railroad tax. They will be allowed two chain carriers at the expense of the district, and will begin the work next Tuesday.

On the evening of Sept. 24th, Mr. and Mrs. Kirtley Twyman will celebrate the sixtieth anniversary of their marriage by giving an entertainment at their home on Virginia street. Mrs. Twyman was formerly Miss Elizabeth R. Phaup. The venerable couple are still hale and hearty and have the promise of many years more of life. Mr. Twyman is now in his 80th year and his wife is a few years younger.

A Jimson weed on the farm of Mr. S. H. Page, four miles northwest of the city, has developed into a veritable shade tree. It has reached an enormous size and now measures ten inches in circumference at the ground, and the branches will hold up the weight of a small boy. The top from edge to edge measures eleven feet in diameter. Mr. Page has already cut 1,200 burs from it and the weed is still green and thrifty and shows no signs of having reached the limit of its development.

The mattress factory recently started by A. W. Pyle is the third enterprise of a similar character set on foot by that gentleman during the last few years. A furniture factory on a small scale and a chair factory were started, but high freight made them unprofitable and they were abandoned. The mattress factory is put on foot with a capacity of two or three dozen per week, but Mr. Pyle will increase his capacity to meet any demands of the trade. If we get another railroad next year, there is no reason why it should not be developed into one of the important manufacturing industries of the city.

The Industrial Conference which will be held in Louisville next month is expected to be one of the most important gatherings held in the State for years. Every county is expected to send delegates to represent the interests and resources of every section of the State, in the preparation of a pamphlet inviting immigration and the investment of outside capital in Kentucky. The following committees have been appointed for Christian:

DELEGATES APPOINTED.
H. G. Abernathy, F. M. Pierce, J. I. Landis, P. J. Glass, T. L. Graham, W. E. Warfield, J. M. P. Pool, Dr. E. S. Stuart, V. A. Garnett, Capt. C. D. Bell, T. M. Barker, J. R. Caudle, L. T. Brasher, S. H. Myers, Jas. T. Coleman, Jas. A. McKenzie, Dr. Jno. L. Dulin, S. C. Mercer, J. F. Clardy, W. A. Reed.

The house of Harriet Buckner, col. who cooks for Mr. J. K. Gant, was broken into Tuesday by two negro boys about 15 years old, named Alex. Gant and Bill Wallace. They were seen prizing up the window by Bob Hopsom. They stole from the house \$4.70 in money. They were promptly arrested but the money was not recovered. They are now in jail and will doubtless be indicted by the grand jury and tried and convicted during the present term of Court.

The Tobacco Situation—Figures Show a Certain Deficit.

The Western Tobacco Journal of Cincinnati, in a carefully prepared article, endeavors to prove, conclusively, we think, from official statistics, that the supply of tobacco available for the present fiscal year, including stocks held July 1st and the probable crop of 1887 will fall short of the actual home and foreign demand.
First.—There are 248,498 hogheads held in all the markets of the world. This includes packages of all kinds, and it is safe to say does not represent over 250,000,000 pounds of tobacco. The actual yield in 1886 was less than 400,000,000 pounds. Granting that the growing crop will be one-half that of last year—and the best authorities put it much below that—and the 1886 crop yet unsold and in barns and warehouses at 50,000,000 pounds, the actual available supply for the present fiscal year will be 600,000,000 pounds.
Let us inquire as to the wants of home and foreign manufacturers for the year. The internal revenue statistics show a total consumption of at least 223,000,000 pounds in the past year. As the last two fiscal years show an annual increase of 7 per cent in manufactured tobacco, this shows an actual want of 239,000,000 pounds for the present fiscal year by domestic manufacturers.
Shipments of leaf tobacco alone during the past fiscal year amounted to 305,000,000 pounds. This was 12,000,000 pounds more than in 1885-86 and 74,000,000 pounds more than in 1884-85. Now as stocks in foreign markets July 1st show a comparative small increase over those of July 1886, it is plain that at least 300,000,000 pounds of American leaf tobacco will be actually consumed by foreign countries in the present fiscal year. Adding the probable foreign and home wants together it is evident the 600,000,000 pounds of American tobacco in round numbers will be required for actual consumption in the current fiscal year.
Here is a clear deficit of 40,000,000 pounds of tobacco, for which other countries have no substitute.
But there is another important fact to be added to the above estimate, which is well known to all persons posted in the tobacco trade. The visible supply of tobacco in the markets of the West is not what appears in the tables published by a large amount. In consequence of the custom of renumbering hogheads from one warehouse to another, the same hoghead is sometimes counted two, three, or more times, so that well informed warehousemen assert that there is an actual shortage of many thousands of hogheads, which must be subtracted from the actual stock of tobacco on hand to the extent of at least 25,000 hogheads.

This shortage however, which is placed by some at a considerably larger amount, is not essential to the general conclusion of this statement which rests upon other data. But it will be felt beyond question ultimately in the trade.
The great and important fact confronting the tobacco trade that after the wants of the present fiscal year are supplied not a pound of American tobacco could be had at any price unless it was taken from fields devoted to next year's crop. Where then is to be found the supply needed by home and foreign manufacturers after July 1887?

In the light of the above tables, which are all conservative, the conclusion forces itself on the mind of the whole trade, that the price of tobacco, except for a few insignificant fancy types, has been remarkably low this year, and that the inexorable law of demand renders an advance in price inevitable.

Petit Jury For First Two Weeks.

H. L. Holt, James McCarroll, Polk Casler, Gus W. Wiley, George R. Pierce, Joe F. Garnett, Joe H. Williams, F. M. Morris, Volney C. Clark, Millard Gilliland, J. M. P. Pool, Sam Hawkins, Col. James J. Smith, G. W. Rogers, James Hargraves, Col. William Cotten, O. S. Parker, W. R. Armstrong, O. J. Hamby, James Morris, W. H. Boyd, Willie Walker, J. M. Cravens, G. W. Clark.

The Industrial Conference.

The Industrial Conference which will be held in Louisville next month is expected to be one of the most important gatherings held in the State for years. Every county is expected to send delegates to represent the interests and resources of every section of the State, in the preparation of a pamphlet inviting immigration and the investment of outside capital in Kentucky. PEE DEE, KY.

PEE DEE, KY., Sept. 4.—We still linger in the dust of Old Pee Dee. Some of our farmers are cutting tobacco. It is said that it will not make 500 lbs. per acre. The late planting will make nothing, as the most of it is yet untended. We think at the present indications 25 per cent. will cover the crop. The corn crop is very good in this neighborhood, but we hear great complaint from other sections. It is talked that corn will open at \$2.50 per bbl.
Our baby crop is full average. A. M. Henry was seen standing on the cupola of the Newstead church a few days ago and when asked what was to pay, he waved his hat and says: "It is a 10 lb. boy." We have one other baby down here, but it is not the first by a long shot, so I will not say any more about it.
Pee Dee will open public schools to-morrow in charge of Miss Price, of Frankfort, Ky.
The colored people are holding their Association at this place.
There is a subscription in circulation here in behalf of Mrs. Farnsworth, the unfortunate lady who lost her house and contents by fire the 29th. Pete Luttrell, the town beauty, is the champion marble player of this place.
Mrs. G. W. Jones is traveling agt. for the electric corset. She has sold a great many in this county and they gave satisfaction. It seems that Dan Jesup was not so well pleased with his. Henry Barber can explain why.
Mrs. Fraser and Mrs. Ida Reeves, of Cincinnati, are visiting their sister Mrs. George E. Knight.

A Wonderful Shot.

The man who put ten bullets in succession, inside the circumference of a Milwaukee girl's finger ring, at fifteen paces, was a pretty good shot, but he wasn't half so wise as the bilious man who put ten of "Dr. Pierce's Pleasant Purgative Pellets" into his system in five days, and on the sixth walked ten miles "just because he felt so well." If your blood is out of order, if you feel low-spirited and "blue," you will find these Little Liver Pills just what you need.

We can recommend our new serial, "Roger LaRoque," which was begun in the last issue of the KENTUCKIAN, as being a first-class story. It is intensely interesting, the plot is deep-laid and it is not only an entertaining story but at the same time a very instructive one, since it gives us an insight into French character as depicted by one of the best French novelists of the day. The story will run through twelve issues, concluding about the middle of October.

CIRCUIT COURT.

First to Third Days Inclusive.
J. A. Smithson was tried on a charge of injuring stock and fined \$10 and costs.
W. H. Martin was acquitted of a charge of selling "bitters" in violation of the prohibition law.

One case of violating the prohibition law, against A. R. Perkins, one against W. R. Long and three against C. P. Nolan, were set for trial yesterday. Also the cases of Miles Dunning, malicious cutting, and Jno. B. Morrison, resisting an officer.
D. M. White, Macedonia, was fined \$50 under the prohibition law for selling "Queen's Taste Bitters."

Jno. Greenwade, col, given \$25 and 10 days for carrying concealed weapon.
A young man named Baker shot and killed Wiseman Curlee at Dixon Saturday. At the same place the same day Mrs. Trogden was thrown from a wagon and killed, and in another part of the same county a young man accidentally discharged a pistol in his pocket while sitting in a country church and killed his own father who was by his side. Names of the latter parties not learned.

Useful and Humoral Medicines.
There is a certain class of remedies for consumption absolutely useless. These are blood and potions made in great part of poppy, opium, resin, rhubarb, gamboge, and other worthless ingredients. The danger they do to the stomachs of those who use them is incalculable. They excite the bowels, but true, but always do so violently and profusely, and besides, grip the bowels. Their effect is to weaken both them and the stomach. Better far to use safe and reliable medicines, such as those of Dr. J. C. Hooper, the laxative effect of which is never preceded by pain, or accompanied by any other violent action of the bowels. On the contrary, it invigorates those organs, the stomach and the entire system. As a means of curing and preventing malarial fevers, no medicine can compare with it, and it remedies nervous debility, rheumatism, kidney trouble, indigestion, and other inorganic ailments.

M. FRANKEL & SONS.

Trouble Ahead.

When the appetite fails, and sleep grows restless and unrefreshing, there is trouble ahead. The digestive organs, when healthy, crave food, the nervous system, when vigorous and tranquil, gives its possessors no uneasiness at night. A tonic, to be effective, should not be a mere opiate, nor are the nerves to be strengthened and soothed by the use of a sedative or a narcotic. What is required is a medicine which invigorates the system, by means of which the nervous system, as well as other parts of the physical system, are strengthened. These are the effects of Hooper's Stomach Bitters, a medicine whose reputation is founded firmly in public confidence, and which physicians commend for its tonic, and healthful and other properties, and its use with the best results in fever and ague, rheumatism, indigestion and other ailments.
